NOTE TO: All Office Directors

FROM   :   Deputy Director for Intelligence

1.   The Director was quite pleased with the 1985 research program. He expressed considerable interest in the outside consultants we will be using on various projects in the program. Please provide to me by Friday, 24 August a list of the consultants and others with whom you have less formal relationships who you will be using in connection with the work of the office and the research program. ⬚   25X1

2.   I think the easiest way to do this would be to list the consultants in one column and the subject areas for which you will be using them in a facing column. ⬚   25X1

3.   I would make the list as comprehensive as possible and encourage you to present a diversity of outside contacts. Again, although the Director referred to consultants, I think you should broaden the list to include your use of any outsider for ideas, review or serious contacts on substantive issues. I would even include contractors who are doing work supporting the research program. ⬚   25X1
